**out-think.
out-perform.**

We know that bright people sharing ideas leads to great investment performance. This way of thinking is fundamental to our investment process. It's what drives our belief that we can achieve long-term performance across all asset classes, whether markets are up or down. And it's borne out by our impressive track record of investment success.

Past performance is not a guide to the future. The value of investments and any income from them can fall as well as rise.

CHAIRMANS MESSAGE

It is with great enthusiasm and pride to have hosted the premier polo event of the year in Dubai!

I would like to thank Sheikh Maktoum bin Mohammed bin Rashid Al Maktoum, Deputy Ruler of Dubai for his continued support for the Dubai Polo Gold Cup. I would also like to thank Threadneedle, our other sponsors, as well as the Gold Cup committee for their determination. Most of all, a special thanks must go to HPA (Hurlingham Polo Association) for all of their support.

Finally, an enormous appreciation must be given to all the tournament teams', patrons and players, who participated in 2010, and to everyone that will be participating in 2011. For myself, as well as many other polo fanatics, it has always been a dream to see Dubai staging an international polo tournament comprising of some of the best polo teams and players in the world. We witnessed the most prestigious polo tournament to grace the region, and it paved the way for many more to come.

I am pleased to announce that this upcoming year, we will host the Dubai Polo Gold Cup again. We aspire make it even more competitive by raising the handicap up to 12-15 open. In addition to that, we will have the Silver Cup at 12-15 and Beach Polo at 6 goal.

I am looking forward to meeting you all again in Dubai, for an even bigger and better Dubai Polo Gold Cup!
