A MESSAGE FROM THE CHAIRMAN: Mohammed Al Habtoor

I am excited to welcome you back to another season of the Dubai Polo Gold Cup (DPGC) Series!

Our 12th year is a celebration of our resilience and determination to overcome the pandemic ramifications that have shaken our world and forever changed our way of living.

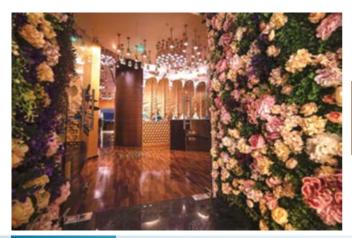

The world stood still in the face of COVID 19. The quest for health, recovery and wellness became the utmost priority of every individual globally, including athletes around the world. No one was immune to the aftermath. And I am very proud of my country, the United Arab Emirates, for handling the virus in an exemplary manner that left us more unified, more robust and ready to conquer any future challenges.

I appreciate how the Dubai Polo Gold Cup organization never relented and persevered in looking for possibilities to deliver yet another exciting high-goal season. I thank the Dubai Sports Council, the Emirates Polo Association, our patrons, the sponsors, and the polo teams in the region, and the city of Dubai, for their support. It is our honour to host the Dubai Polo Gold Cup Series 2021.

Held since establishment under the patronage of His Highness Sheikh Maktoum Bin Mohammed Bin Rashid Al Maktoum, Deputy Ruler of Dubai, the series acts as an incredible medium for the Sport of Kings and all polo enthusiasts in the region.

Eight teams will compete at the Silver Cup and the Gold Cup this year. Due to the team patrons' enthusiasm and commitment to the sport of polo, our DPGC Series strives year on year. I look forward to seeing this passion resonating in each game and victory.

Best of luck to all the teams. Here's to another season of world-class polo in the Middle East!

NAIL YOUR Polo Outfit

1

Polo has long been associated with the fashion elite. The game attracts everything from stars, sports personalities to style icons. So, it is important to look your ultimate best.

Whether you opt for a pretty sundress, floating maxi dress, tailored trousers or comfortable culottes, the general rule here is smart and feminine – and lightweight. The polo is not necessarily the place to transfer over your race day outfit, nor is it the time to wear anything overtly sexy or tight. Think stylish summer picnic meets garden party and you can't go too far wrong. Colour—wise, steer clear of black if you can... White is always a good option as are pastels, neutrals and bold pops of colour. 1 Bentley Aviator 2 Cole Haan Ripley grand chukka boots with custom stitch detail 3 Salvatore Ferragamo Mens textured leather Gancini Moccasin Loafer 4 Salvatore Ferragamo Men's Double-Gancini Calfskin Belt

Chinos are your go-to. Choose light, summery shades such as pastels, white, beige and camel and pair it with navy blue or olive. Have some fun with colour and accessories and don't be afraid of a pocket square, bow tie or a belt in a bold shade.

INTERVIEW WITH NICO PIERES

You come from a family with a strong affinity to polo, when did you start playing the sport?

Yes, I come from a family that has made its mark in the world of polo. I started playing polo at the age of 5 and participated in my first tournament was when I was 6 years old.

What are your polo pre-game preparations that are unique to you?

My preparations are not that many. I try to sleep well the night before. I then visit the barn in the morning to check on the horses and make a list with my groom to ensure everything is ready for the game in the afternoon. Overall, I make sure that the horses and the team are in good shape for the game.

You've played in the most prestigious polo tournaments in the world, what has been the highlight of your sporting career?

I participated in a lot of good tournaments around the world such as in England, America, Spain, France, and Dubai but there is nothing like playing in the Argentine Open and winning. So for sure that is the best thing that could ever happen to a polo player and to me.

Describe yourself in 3 words.

[A bit] anxious – especially before the tournaments Professional – I try to do things the best I can Family Oriented – I like to spend a lot of time with my family and the people that I love

Being one of top polo players with a 10 goal handicap, what do you think sets you apart from the others in your field?

Being a 10 goal player is something special and it is the ultimate aim for a polo player along with winning the Argentine Open. Once I reached the 10 goal handicap, I had that motivation and the responsibility to play the best I can and that my teammates play above their handicap so that we bring our best game on the field and win the cup.

What are your top 5 interests aside from polo?

I really like playing golf. I play tennis and a bit of football but golf is my second sport. I also like travelling a bit and spending time with my family whenever I can.

Are there any challenges that you still face at this point in your career?

Not a lot of challenges when I get on the field. I try to win as many games and tournaments that I can. Challenges come as part of life and I'm happy with what I am doing.

Polo attracts the fashion concious. Here are some of the trend-setters from last years event...

if.

IIII P

I was born in Kampong Kasongan Bangunjiwo Kasihan Bantul Yogyakarta Indonesia. I studied at the Indonesian Institute of the Arts Yogyakarta (ISI Yogyakarta) and now I ama lecturer and the dean of ISI Yogyakarta Faculty of Fine Arts. I make approximately 100 works and solo exhibitions of sculptures and paintings every year. My collection's theme is always "Me Myself & I'

Fine art is a part of my life, like it's been a necessity of my life. I'm always agitated if I don't findan idea to work. I started making horse sculptures inspired by the shape of horses that have prowess and strength. Although I also worked on other forms, the horse became my favorite.

I loved seeing horse racing in Kampong during my childhood. I was always stunned at the way the horse ran. When riding a horse, the jockey moves very beautifully and I have never forgotten this memory and in the end, it has inspired my art. Even though I don't have a horse, my love of horses as an aberration grows. I am always looking for new techniques and materials to develop into works that do not yet exist as to set my work of art from others.

I was an artist. The exploration of horse shapes became my main object, both on painting and sculpture. I am known by the additional name behind "Timbul Raharjo Kuda Egrang". It used to be the naming of making fun of or bragging to me because people thought the horses were not good enough. Than bullying, I use that name to

Geblek Horse, 205 x78 x 195 cm Aluminium, 2020

be my last additional name. Because I am consistent, then the bragging stops.

The essential tool is health that allows one to think, imagine, have an idea, and to explore. As an artist, forming tools as welding, butsir, and wood tools should also be developed. Ideas and inspiration are fundamental to bring out what a new work looks like. So it needs deep contemplation because if inspiration has not appeared as a heartache, it is felt.

The artwork I am proud of is the "Horse of the Mustang" or standing horse, with steel steles and aluminium combination wood. Other sculptures such as "Lion in Malioboro". At all times in my career, I think there is pride in the work I make. There was also my gold medal at High Po Market America, namely, a sculpture titled Horse Pipe Sculpture and Squatting Man

Sculpture/Aluminium swing entry at the Adex Awards. I also made andesite stonework entitled "TirtoRaharjo Temple", a Hindu-Buddhist temple that I built for my beloved wife on my 25th wedding anniversary. It's also been a spirit in my work.

Working with stainless steel is a new technique I found that form my dream results, Teckne forming by assembling using the mall's initial shape so that elasticity can be achieved. I also make models from clay to its formation. I always find techniques, creative patterns, routines, and something new

For me, creativity is unlimited, as long as one is healthy and can think, then we can always create. The creative pattern that I developed was "Mood is dead" replaced "forced". Planning in creativity is necessary because it will not create an exhilarating work if you obey laziness.
